### Dining, High-Hampton Style

High Hampton Inn is known for its classic high-country cuisine that is served buffet-style three times daily in our Dining Room. Groups looking for a special dinner event can enjoy memorable theme dinners that feature special menu items like a Low Country boil or grilled steaks and a baked potato bar. These group dinners can be served in The Pavilion or at our unique lakeside picnic area, which offers stunning views and a lovely stone fireplace that is perfect for after-dinner s'mores.

High Hampton Inn works with each group to customize a meetings package including daily meals, accommodations and activities; larger groups can reserve the entire estate for their event.
